

ALEXANDRIA.

THURSDAY EVENING, MARCH 21.

Senators for the administration's favor that they will supply enough votes to effect Mr. Reid's confirmation.

It is reported that the Treasury Department that Mr. Park Agnew of Alexandria, in the warm support of Mr. Goff of West Virginia, of industrial republicans in Maryland, and of all the chairmen of the republican county committees in his district, for the place of Internal Revenue Collector, and that as he is not now, and never has been, in any way mixed up in the faction fight in his party in his State, his chance for getting the place is better, at present at least, than that of any other candidate.

Ex-Congressman Nichols, of North Carolina, republican, who is a candidate for the place of public printer, says he is fearful that place is too big to be given to a Southern republican. Whether it be or not, friends of the other applicants for it, say Mr. Nichols has no chance, and that it will probably be given to a Western man.

A Blue Book on Samoa affairs was issued in London yesterday. The dispatches show that England has been throughout in cordial accord with America, and that she declined to accede to Germany's request for assistance and co-operation in the restoring of order in Samoa until she had learned the American government's views on the subject.

Mr. Cleveland and party arrived at St. Augustine, Fla., yesterday, and were met at the Union Station by over 500 people, the Ponce de Leon full band and a long line of carriages. They were escorted to the Ponce de Leon Hotel. Mr. Cleveland was assigned the pink bridal chamber, the same room occupied by him last year. They will sail for Cuba in a few days.

In the Spanish Senate yesterday Senator Moret, Minister of the Interior, said that the Government had no knowledge of a scheme to sell Cuba to the United States. He declared that there was not enough money in the whole world to buy the smallest portion of Spanish territory, and that, if necessity should arise, Spaniards would know how to defend their country's soil.

Nellie Norton, aged thirteen, was notified from her home in Richmond county, N. C., last Wednesday, by Samuel Hodges, a widower, aged seventy-five, who by false statements procured a license and married the girl. When Nellie realized what her relations to Hodges were, she desired to be taken back to her home, and the citizens taking the matter in hand the old man fled to the woods and the girl was returned to her parents.

A SISTER'S STRANGE STORY.—A Middle-town, Conn., dispatch says: "Years ago a New York man, named Benedict, adopted a young lad named Kenmore. Robert was given the name of E. C. Benedict, and grew up supposing himself to be the son of Mr. Benedict. Upon the death of the latter, young Benedict came in possession of an estate valued at \$1,500,000, and learned for the first time that the deceased was not his own father. Immediately young Benedict set out to find his blood relatives, if any were living. He discovered a married sister living in this city, Mrs. Daniel Hills, whom he visited quite frequently, aiding her and her family, as she was not blessed with a large portion of this world's goods. About two years ago Benedict came here and urged his sister and her husband to go to Kansas to live with him. All arrangements were completed for doing this. Benedict went to New York to close up his business there, since which time his sister has never heard from him. She began a search for him which has been steadily pushed until this morning, when she received a letter from the postmaster at Round Top, Va., saying that E. C. Benedict died at that place last May. Mrs. Hills will at once take steps to learn what has become of the large fortune which Benedict had at one time. If she can prove her relationship, and the fortune is intact, it will make her rich."

The above is a perversion of facts and amounts to nothing. Mr. Benedict married a Loudoun county lady, who inherited his property at his death.

## Street Preachers.

To the editor of the Alexandria Gazette and for the use of Mayor Downham:

I desire to enter in the columns of your wide-spread paper a complaint which, I think, will strike about nine tenths of the citizens of Alexandria a right. I refer to the band of cranks who every Sunday at the ferry wharf and along with an overwhelming amount of success make things disgusting, not only to the inhabitants of your city, but also to the stranger that happens to be within their gates, whose language instead of being religious is simply leers upon the general make-up of the well-dressed lady or gentleman never taught that "cleanliness is next to godliness," for had they been thinkers that, while the Potomac rolls with fresh water at their very feet, and ye ancient tow is largely supplied with "fresh soap," instead of putting the cross of Christ to shame, they would raise a fund among themselves, purchase a bar of the above-named, clean soap, and then down to the banks of the river and take much needed benefit. Enough is enough. J. E. T. WASHINGTON, March 19.

During the executive session of the Senate yesterday the nomination of Mr. Whitelaw Reid for the French mission was reported favorably by the committee on foreign relations to whom it had been referred, but objection being made, it had to lie over. It is rumored to-day that not only, as stated in this correspondence yesterday, are some Southern democrats opposed to the confirmation of the nomination for the reason that Mr. Reid's past history proves that he can not fairly represent the whole country, but that those democrats yesterday were supported, though on entirely different grounds, by such republican Senators as Messrs. Ingalls, Plumb, Hawley and Evans. What better fate the nomination may have to-day remains to be seen. The opposition of two republican Senators, with that of all the democrats, will defeat it; but it is rumored that so anxious are some of the democratic

## A Desperado.

CHATTANOOGA, Tenn., Mar. 21.—Jim Cooley, a desperado, widely known in Roane county, went to the residence of Mack Brown late Monday night and called for Brown, with whom he had a quarrel of long standing. Brown, certain of being shot should he appear at the door, refused to come out and Cooley, after waiting a few minutes, threw several dynamite cartridges on the roof, from which they rolled to the ground, exploding with such violence as to almost demolish the house and severely injuring Mrs. Brown. Cooley was arrested yesterday, but swore he would kill any one who would testify against him. He was taken before a magistrate and drew a pistol on the first witness called. Before he could fire, however, the Sheriff shot him in the head, without inflicting a serious wound. He was found guilty, gave straw bail and has fled to North Carolina. A reward is offered for his recapture.

## A Duel Between Girls.

LOS ANGELES, Cal., Mar. 21.—A brutal fight occurred Tuesday night in a suburban sporting place between two Japanese girls who had quarreled. The girls seized short Japanese swords and attacked each other. Each proved skillful in the use of the weapon and both were soon dripping with blood from numerous cuts. The affair would certainly have ended in the death of one if not both, had not the clash of steel attracted a passing policeman, who entered the place. Neither girl received mortal wounds, but both were slashed all over the upper part of the body.
